

Eugene, hello!

Thanks for the detailed answer.

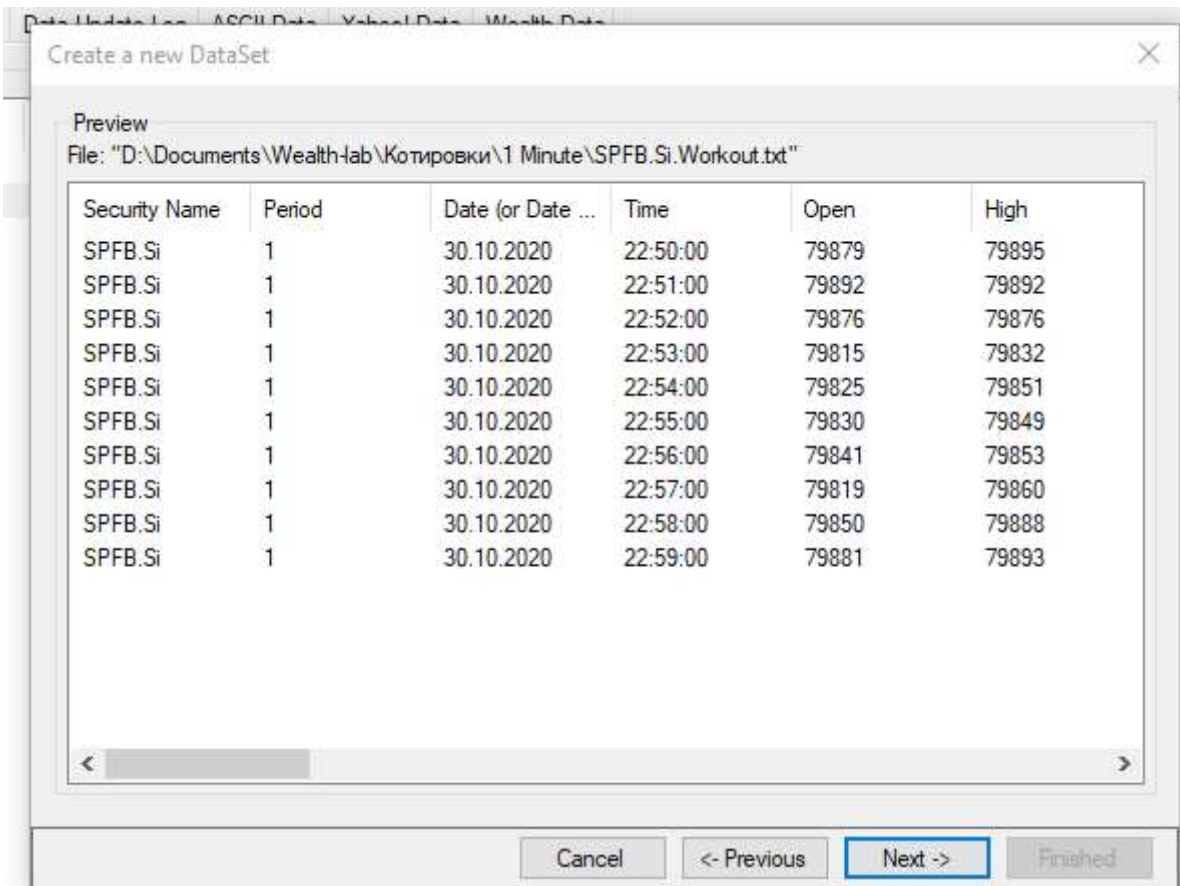

In the attachment I am sending you a source text file with quotes.

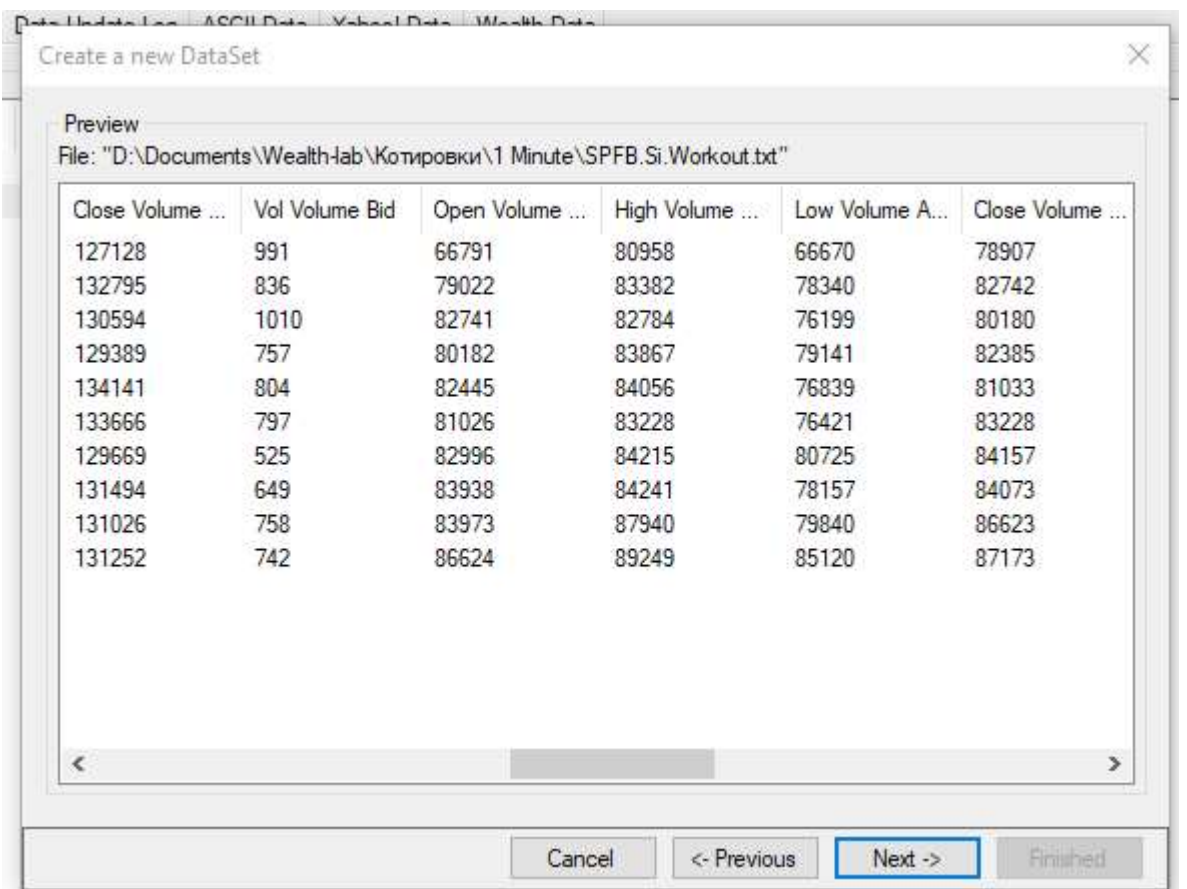

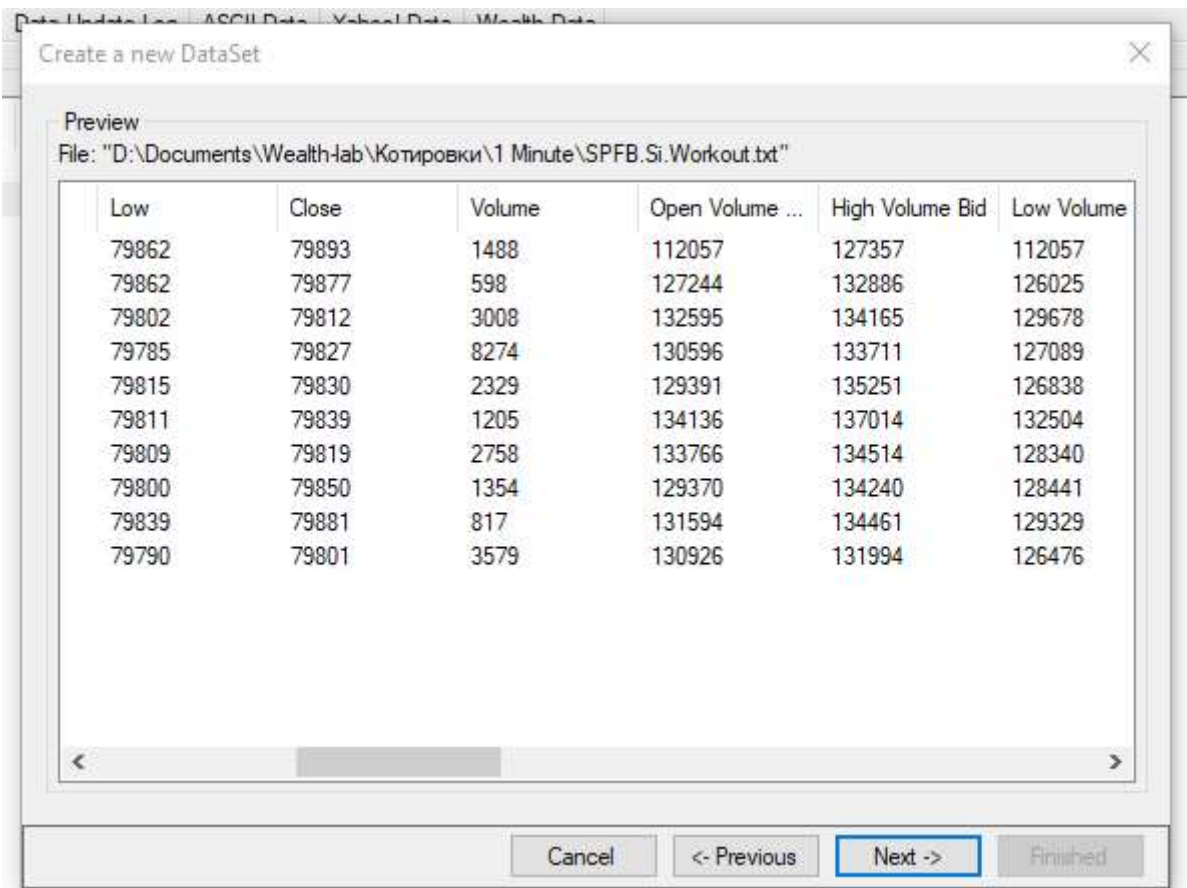

The point is that the DataSet is configured correctly. In support of the words, I am sending you a screenshot.

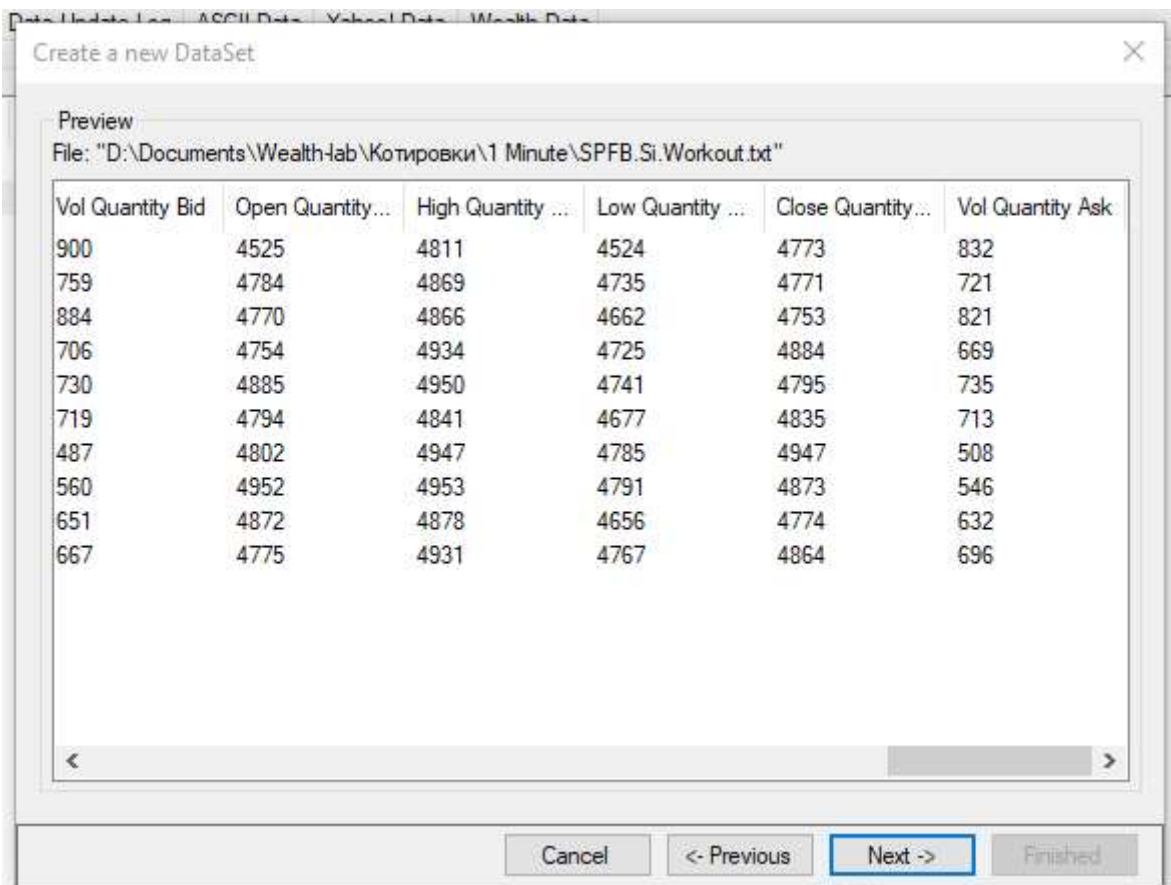

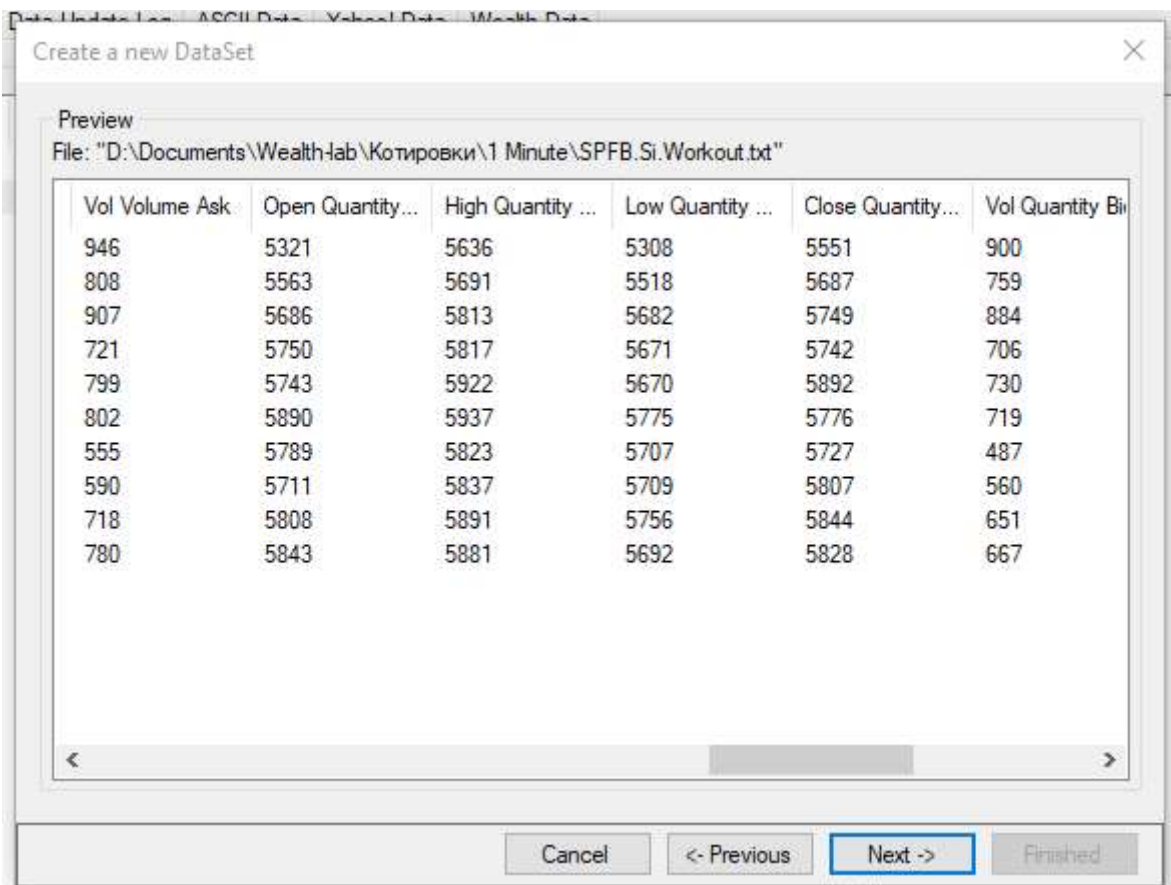

I am also sending you a Great a new DataSet, confirming the correctness of the filling.

After completing the creation of the Great a new DataSet, select the added quotes in the DataSets.

The information in these quotes is not fully reflected. Namely, there is no data on the screen from the columns <OPEN VOLUME BID>, <HIGH VOLUME BID>, <LOW VOLUME BID>, <CLOSE VOLUME BID>, <VOL VOLUME BID>, <OPEN VOLUME ASK>, <HIGH VOLUME ASK>, <LOW VOLUME ASK>, <CLOSE VOLUME ASK>, <VOL VOLUME ASK>, <OPEN QUANTITY BID>, <HIGH QUANTITY BID>, <LOW QUANTITY BID>, <CLOSE QUANTITY BID>, <VOL QUANTITY BID>, <OPEN QUANTITY ASK>, <HIGH QUANTITY ASK>, <LOW QUANTITY ASK>, <CLOSE QUANTITY ASK>, <VOL QUANTITY ASK>

Please inform:

1. What exactly needs to be done to display all the information on the screen?
2. Does WL see missing fields?
3. Can you test fields that are not displayed on the screen?
